## **Maintenance work on the M11/A120/A11 – traffic management bulletin**

**Period: Tuesday 3rd to Sunday 8th April 2018,**

### **Progress overview**

Our work on the bridlepath between Birchanger Village and Stansted Airport has completed. We would like to thank users for their continued patience during the work.

This week, work will continue on the M11 northbound junction 7 exit slip road for the A414 and Harlow. The work involves stabilising the western embankment and requires overnight closures (Monday to Friday only) until mid-April. A diversion will be in place via junction 8 but as it is a lengthy route, road users are advised to plan journeys in advance.

There will also be a lane closure on the M11 junction 7 northbound for 1000m to carry out vegetation clearance on the adjacent embankment.

Elsewhere on the M11, electrical work will continue southbound between junctions 8 (A120/Stansted) and 9 (A11) with lane closures planned overnight.

Finally, on the M11 northbound at junction 14 for Girton, Highways England and its delivery partners are continuing to monitor and investigate embankment stability issues. If corrective action is required, details will be shared via this bulletin as soon as confirmed.

**Specific details of our planned carriageway restrictions can be found below:**
