

Sawbridgeworth Town Council Presents

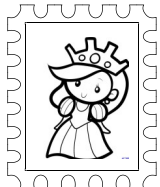

'Bridging the Gap Postcard Activity Pack'

A summer of alternative activities to share

The Mayor would love to hear from you in the form of a **postcard**, she would then like to share your postcard on our website, Facebook page and display some on our notice boards around the town. Your postcard can be about a day out, a visit somewhere special, a picnic or any other special and exciting thing that you have done in the summer holidays.

A picture in the first box and then some text in the second box would be great to see.

Please make sure that you get your parents / carers to read your letter and then tick the box over the page so that we know if we are able to share your lovely postcards — Thank you
