F 16/33 POLICY MATTERS

To consider any matters relating to Policy for the future development of Town Council and its services to the community.

- To consider priorities for the creation new policy documents for adding to the Constitution of the Town Council. Guidelines for use of CCTV, Clerk described current arrangements which it was agreed now need to be documented as a Protocol.
- To consider a Protocol for the creation and approval of meeting agendas. Agreed that there should be a review of the agenda pack a week before legal publication. Members referred to Clerk's table of other town's practises. Amenities committee agenda should in future contain a full Clerk's report so that Members have time to consider relevant questions. Suggestion that the Champion should prepare the report, this was rejected in favour of the committee chairman scrutinising the agenda reports.
- Clerk asked for consideration of whether the committee structure was now fit for purpose. If not this needed to be debated as a policy rather than just being an agenda item at the Annual Meeting of the Town Council. Members confirmed agreement with the present committee structure but that each committee should review their remit and make proposals to council.
- To consider a Protocol for the creation and publishing of meeting minutes. Minutes received at full council should have a watermark stating "Draft" thereon. Draft minutes should be posted on the website as a scanned document within a week of the committee meeting.
- Clerk pointed out that this will add a week to the democratic cycle and reduce currency of reports. This was deemed acceptable.
- Draft agenda items and papers which are not commented on are deemed to be acceptable.

Meeting Closed at 20:50

The next scheduled meeting of the Committee is on Monday 05 June 2017.
