Traditional Cemetery

Sawbridgeworth Town Cemetery is situated on the A1184 on the northern outskirts of the town and has a picturesque outlook over farm and woodland. The Cemetery was opened in May 1951 and has grown section by section to its present size.

The Cemetery is divided into alphabetical sections starting with A and finishing with J. All plots are numbered sequentially with an alphabetical prefix. There is no provision in the Cemetery for the pre-purchase of plots.

The Town Council maintains the grounds to a high standard under a set of Rules and Regulations.

Future Developments

The Town Council is developing a further 2 acres of land to the east of the Cemetery which is marked by a boundary fence. Over the coming years this boundary will have trees and shrubs added to enhance the view across the farm land. This area of the Cemetery has been reserved for use in the future. The roadway will eventually be extended into this area allowing easy access to this new part of the Cemetery.

Memorial Trees

A new avenue of memorial trees has recently been planted. These trees may have a maximum of two cremated remains interments with a Bronze Plaque 6" x 4" staked at the base in the designated area of the cemetery. The trees may also be used as a memento to a loved one without interring ashes.

Memorial Benches

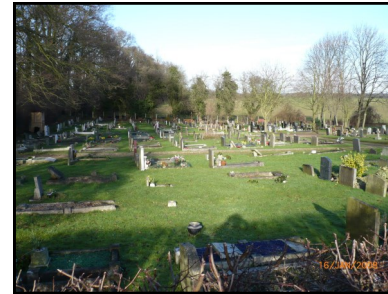

A Tudor style memorial bench may be placed in the cemetery. This can be done upon application to the Town Council.

Transfer of Ownership of an Exclusive Right of Burial
